

## Supreme International Limited Quality Policy

Supreme International continuously aspire to meet and exceed our customer's expectations with outstanding quality of our products and services.

In our endeavor to achieve this objective, we are guided by the below commitments and principles.

- Management demonstrates leadership and commitment to ensure the Quality Management System is understood and followed.
- Create and nurture people of quality through continuous education and training.
- Maintain & continuously improve our standards of manufacturing through engagement of our people
- Establish a "Total Quality" framework to continually improve the Quality Management System (QMS) and realize challenging quality objectives and at the same time manage risks.
- Record and control quality performance at each stage of our operations to guarantee a positive process delivery.
- Prevent defect outflow to next process, and feedback to previous process for enhanced Quality Assurance.
- Develop and foster strong relationships with customers, suppliers, vendors, and distributors to understand the organization's vision and objectives.
